

HEAT2BATTERY

Turning Waste Heat
into Power

The Heat2Battery project is an EIC Pathfinder Open project, funded under the Horizon Europe programme, rethinking **how we recover, store, and use energy** through two powerful ideas:

Waste Heat Recovery

Energy Storage

Follow Heat2Battery on  
www.heat2battery.eu

The Heat2Battery consortium brings together complementary and world-class expertise in a synergistic effort.

**MAX-PLANCK-INSTITUT
FÜR EISENFORSCHUNG GMBH**

The Heat2battery Project was funded by the EU Commission in the framework of the Horizon Europe – EIC Transition Open programme.
